

# Infrared Heating Panel, White Body, 720W

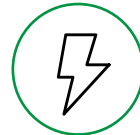

SKU Code: IH1007

Energy-Efficient

Cost Effective

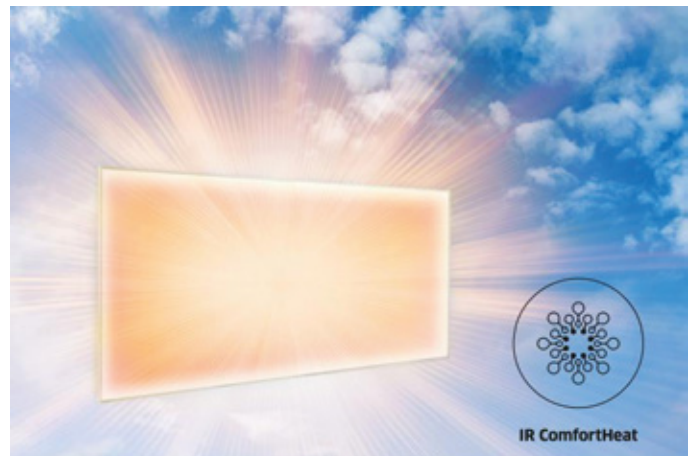

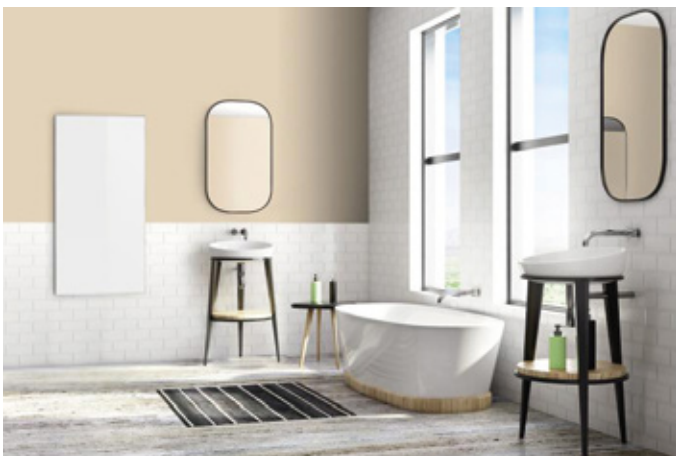

720 Watts

No Dust or Bacteria

## Features

- ▶ **MODERN** : The ENER-J Energy Efficient infrared heater revolutionises heating with modern technology. Super flat, the 120 x 60 cm large heating panel can be hung directly on walls or mounted on a 120x60 Ceiling Grid and therefore is extremely space-saving while it works.
- ▶ **INFRARED HEAT** : With 720 watts of power, this Infrared Heating Panel from ENER-J dissipates infrared heat which is very pleasant for the human skin. The heat is distributed to the people nearby and not into the surrounding environment.
- ▶ **EXTREMELY ENERGY-EFFICIENT** : This infrared heating panel is extremely energy-efficient in operation: thanks to the use of Carbon Crystal Infrared technology, up to 95% of the power is directly converted into heat radiation.
- ▶ No extra maintenance costs (up to 70% more cost effective than conventional heating, e.g central heating).
- ▶ Beneficial in many types of health treatments. It avoids dehydration in air hence no dust or bacteria swirling in room which helps increase in the blood circulation. Great for allergy sufferers as its Natural & Efficient.

## Technical Specifications:

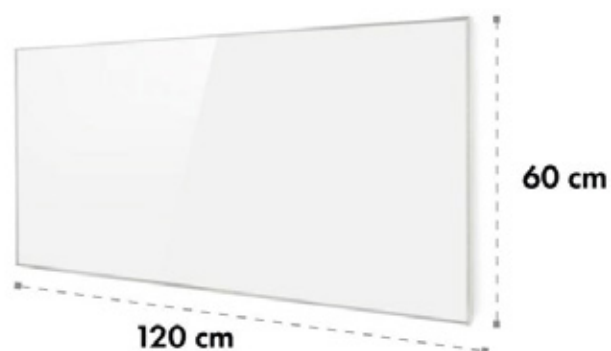

Power Supply 230V Usage Floor Heating System

Load Current 16A Control Mode Manual Mode & PRG Mode

Sensor Air Set point range 5~35°C

Accuracy  $\pm 1^{\circ}\text{C}$  Ambient 0~50°C

Housing ABS Fire-resistant Plastic Others High Temp. Protection
